## BROWN JORDAN CAMPAIGN WOVEN AVAILABLE IN NEW SUMATRA RESINWEAVE

**EL MONTE, CA, October 20, 2008** – Brown Jordan, the leading manufacturer of outdoor furniture for outdoors and in, introduces Sumatra – a dark and dramatic resinweave choice for Campaign woven. Sumatra is a natural, striking color with high contrast between its red and black streaks. Striped deep black and dark red-ginger make Sumatra an irresistible flavor for those seeking a modern, handsome look.

Inspired by the formality and pageantry of imperial design motifs, Campaign is a cast and extruded aluminum collection. The woven seat and bucket is fully “upholstered” (wrapped front and back).

Shown above on the lounge chair and ottoman in Java finish.
