About

Our strikingly good looking, multi-functional chat tables are a little higher than coffee tables and designed with both residential and commercial applications in mind. Distinguished by their singular design, each style is skillfully manufactured using long lasting materials such as powder coated aluminum, and tempered glass. Tables range from 36" to 45" wide, making them ideal for indoor/outdoor living spaces, Continental dining, and communal gathering spots. Designed by Tadao Inouye, Kantan Aluminum exemplifies the breezy spirit of Southern California, the birthplace of Brown Jordan and year-round outdoor furniture. The Kantan Round Chat Table features a glass top and aluminum frame in over 20 varying finishes.
