BROWN JORDAN

About

Strong, structured, and seamless, the Oliver Bar Stool takes the collection's design motifs to bold new heights - 44 inches to be exact - while keeping every detail in perfect proportion. (It is also available in counter height.) A low-profile, angular aluminum frame fabricated from extruded, custom cast, and solid metal elements cradles the Bar Stool's bucket seat, suspending it as if in mid-air. In addition to highlighting Brown Jordan's unrivaled expertise in metal craftsmanship, the design showcases our innovative use of woven rope. This durable, heritage material - "a modern updated look to wicker" - is handwoven onto the actual frames by skilled artisans in Indonesia. Completing the look, impeccably tailored cushions hug the curves of the rope seat and cosset the body in luxury. Oliver comprises 10 cushioned pieces that can be floated confidently and effortlessly in any setting.
